

Board Welcomes New Member from FSMNG

Mr. Gillian Doone, an FSM native from the State of Chuuk is the new member representing the National Government. Mr. Doone is a patriot whose altruistic frugalism had shed rays on his profile, depicting him a prospective asset as the new Trustee to advocate the wellbeing and enhancements of the FSM Social Security Program.

Prior to his current name Mr. Doone, a Chaminade University alumnus in Accounting -had consequently led milestones as a financial analyst, an accountant, an auditor and a director for various divisions in both the state and national governments as well as abroad. Among other duties, Mr. Gillian Doone is also currently working as Assistant Director for the division of Overseas Development Assistance (ODA), a national entity established under the administration of His Excellency- FSM President Manny Mori.

It is evident to the board that Mr. Doone is a dialectic economist who is prepared to doublethink opinions detrimental to the sustainability of any political entity operating for the nation, which in this case, the FSM Social Security Program.

Board proudly welcomed Mr. Gillian Doone as the new Trustee in the FSM Social Security Board of Trustees from the National Government.
